E-mail: sss22@sci-sss.org, {takam-m, hanada}@is.naist.jp,

The manuscript for the extended abstract should be prepared in accordance with the present instructions. Each abstract must be divided into two parts. The first part includes the title, name of authors, their affiliations, and their addresses. The second part is the main body of the abstract.

Authors are requested to prepare the abstract on **A4** paper, written in English, in Portable Document Format (PDF). The size of the electronic file should not exceed **5MB**. It should be within **two pages** with **25mm margins on all sides**, in one column format. On the abstract, the symposium requires a font size of **10 points or greater**. Some technical formatting programs print mathematical formulas in italic type, with subscripts and superscripts in slightly smaller font size.

If your paper deviates significantly from specifications, it may not be accepted for the symposium. Please conform to the following instructions.

Title The title should be centered across the top of the first page and should be in distinctive point size or font.

Author's Names and Address The authors' names and addresses should be centered below the title. These lines should be typed in at least eleven-point font size, but the particular point sizes and fonts are not critical and are left to the direction of the authors. Times New Roman 12 point is suggested. Please include your E-Mail address.

Figures and Tables Figures and photos should be consecutively numbered like Fig. 1, Fig. 2, Figures should be inserted near their citation or at the end of the manuscript. Figure captions should be placed below the figures.

References List and number all references at the end of the paper as shown below. Number reference citations consecutively in square brackets [1].

Page Numbers Do not write page numbers on your manuscript.

Authors are requested to send their manuscripts electronically by **July 15, 2022**, on the web:

<http://sci-sss.org/sss2022/sub/submission.php>

Please make an extra effort to adhere to these guidelines as the quality of the publications depends on you. Thank you for your cooperation and contribution. We are looking forward to seeing you at the 54th ISCIE International Symposium on Stochastic Systems Theory and Its Applications (SSS'22).
